Addition with carrying

Add 368 + 457 + 126. Align each number by place value.

Number	Hundreds	Tens	Ones
368	3	6	8
457	4	5	7
126	1	2	6
Sum	**9**	**5**	**1**

Step-by-step solution

1. Add the ones

8 + 7 + 6 = 21 ones. Write 1 in the ones place and carry 2 tens.

2. Add the tens and carry

6 + 5 + 2 + 2 = 15 tens. Write 5 and carry 1 hundred.

3. Add the hundreds and carry

3 + 4 + 1 + 1 = 9 hundreds.

4. Read the sum

The digits are 9 hundreds, 5 tens, and 1 one: 951.

ANSWER

368 + 457 + 126 = 951

Check by grouping the addends

368 + 457 = 825, then 825 + 126 = 951.

The independent check confirms the addition is consistent.
